

# Localisation Policy Options

## *Learning from Partners and Investors*

The EU Chamber of Commerce and Industry in Southern Africa (EU Chamber) and Business Unity South Africa (BUSA) will co-host an online business seminar on localization policy on Wednesday 4 August 2021.

### EVENT OBJECTIVES

- Present recent research on the impact of proposed localisation and import substitution policies, conducted by Intellidex on behalf of BUSA and Business Leadership South Africa (BLSA).
- Share lessons on the experience of local content requirements implemented in the renewable energy and manufacturing sectors in South Africa.
- Highlight relevant experience and lessons from other countries.
- Provide insight into the link between localisation policy and the investment climate in South Africa.
- Share the experiences of international investors in South Africa.

### PROGRAMME

Facilitator: Ms. Pamina Bohrer, Vice President of the EU Chamber of Commerce and Industry of Southern Africa

- |       |                                                                                                                                                                                                                                                  |
